GAME CONDITIONS "144th KlassenLotterieNord" from 1st of April 2020 to 30th of September 2020

Part 1: Main game with MillionenJoker Extragame

§ 1 Promoter

The game "144th KlassenLotterieNord" (hereinafter referred as "KLN-game") is organized by EU Lotto Ltd. EU Lotto is a state-licensed bookmaker based in Gibraltar (EU), whose main business is accepting bets on the outcome of lotteries. EU Lotto holds a gambling license issued by the Gibraltar government (license no. RGL 066). EU Lotto does not provide lottery tickets for state lotteries, but organises betting on the outcome of lotteries. A bet on the outcome of the following lotteries is hereinafter referred as "ticket":

- 144th NKL-Lottery, organized by the GKL "Gemeinsame Klassenlotterie der Länder" (Common Class Lottery of the Federal States) with headquarters in Hamburg and Munich, hereinafter referred as "NKL-underlying lottery"
- Millionen-Joker, organized by the GKL "Gemeinsame Klassenlotterie der Länder" (Common Class Lottery of the Federal States) with headquarters in Hamburg and Munich, hereinafter referred as "MillionenJoker underlying lottery"
- Renten-Joker, organized by the GKL "Gemeinsame Klassenlotterie der Länder" (Common Class Lottery of the Federal States) with headquarters in Hamburg and Munich, hereinafter referred as "RentenJoker underlying lottery"

§ 2 Conditions for participation

- (1) According to the law, the participation of minors in gambling is not permitted. For this reason, the person, who likes to play (hereinafter referred as "interested party"), has to provide his name, date of birth and address truthfully.
- (2) EU Lotto and its service providers are legally obliged to check the age of the interested party. Recognized procedures are used for this age of majority verification; the required data will be passed on to third parties. For this purpose the name, date of birth and address of the interested party are transmitted. A credit check and a further transfer of personal data will not take place. The request is stored for the purpose of billing with EU Lotto and where applicable in the population registers for the required period.
- (3) If it cannot be confirmed by a procedure pursuant to section 2, the interested party will be informed immediately. The interested party may then provide the proof of age in another suitable manner.
- (4) If a personal contact with employees of the service provider takes place in order to initiate and conclude the contract, they are in cases of doubt entitled and required to ask for an official identity document or a notarized copy of an official identity document to ensure the participation ban of minors.

§ 3 Organization

- (1) According to the profit plan, the 142nd KLN-game will be carried out over 6 months in 6 classes of one month each.
- (2) 3,000,000 tickets will be issued. These tickets include 2,126,720 cash prizes (including

300 extra monthly income for one year and 30,000 cash prizes in the special draw), up to 6 additional jackpots, 10,000 Gold prizes and 1,000 non-cash prizes (245 cars, 60 motorhomes, 335 holiday trips and 15 houses plus 350 cruise trips in the cruise-draw as well as an island in the Summer's draw).

- (3) For each class, whole tickets (1/1), half tickets (1/2), quarter tickets (1/4), eighth tickets (1/8) and sixteenth tickets (1/16) are issued. Each ticket has a 7-digit number from 0,000,001 to 3,000,000 and a letter. The 1/1 ticket has the letter A. The 1/2 ticket the letter A or B. The 1/4 ticket the letter A, B, C or D. The 1/8 ticket the letter A, B, C, D, E, F, G or H and the 1/16 ticket the letter A, B, C, D, E, F, G, H, I, J, K, L, M, N, O or P.
- (4) The total prize value is € 1,430,700,000. This amount is split into € 1,362,96,000 cash prizes, € 30,000,000 Gold prizes and € 37,740,000 non-cash prizes. The planned average payout rate over all 6 classes is 49.68%.

§ 4 Stake

- (1) The ticket price per class is € 160.00 for a whole ticket, € 80.00 for a half ticket, € 40.00 for a quarter ticket, € 20.00 for an eighth ticket and € 10.00 for a sixteenth ticket.
- (2) If a player acquires in the course of the 142nd KLN-game a ticket not previously played by him or if the player resumes playing after interruption at a subsequent class, the price for the tickets for the previous unpaid classes has also to be paid.
- (3) The costs for the winning lists including the postage are charged to the player.

§ 5 Ticket sales and players directory

- (1) The tickets are distributed by service providers on behalf of and for the account of EU Lotto.
- (2) In accordance with § 2 (1) the details of the player as well as his bank account and the ticket assigned to him with number and letter are registered by the service provider in a directory.
- (3) The player must immediately notify the service provider in case of changes to his name, address or bank details. Damage caused through culpable violation of this obligation shall be borne by the player. § 12 (3) shall apply accordingly in the case of damages caused by the player.
- (4) With the ordered ticket the service provider is entitled to issue a ticket certificate and send it to the player. The ticket certificate can be issued for several classes and for several ticket numbers. These playing conditions apply to the ticket certificates accordingly.
- (5) Tickets may be issued as "virtual tickets" and subject to the gambling licence. The ticket numbers and letters are then only stored in the EU Lotto database, and communicated informally to the player.
- (6) The player does not have the right to participate to the game with a ticket number of their choice. However, EU Lotto will try to comply with requests for a certain ticket number where possible.
- (7) For distance contracts there is no right of revocation.

§ 7 Continuation, Ending and Transferring the lottery participation

- (1) Each ticket is only valid for the class it belongs to. To continue the participation to the lottery game, the service provider who provided the ticket for the preliminary class will offer the player a ticket with the same number and the same letter for the next class (renewal ticket). The player is not obliged to accept/buy the renewal ticket.
- (2) If the player can't participate in the lottery game with a renewal ticket despite the timely payment of the ticket price and therefore the continued usage of the previous ticket number is not possible, the player is entitled to play for free with twice the amount of tickets he is entitled to, with other numbers, for all subsequent classes. The liability regulations of § 12 (1) apply.
- (3) The service provider will generally offer tickets for the 1st class of the next KLN-game to the player of the 6th class according to the tickets he plays, unless the player has stated otherwise.
- (4) The participation in the lottery game may be terminated by the player at the end of each class, even if the player has received a ticket certificate or a virtual ticket (in accordance with § 5) with a validity period covering several classes. The participation in the lottery can be terminated before each class by EU Lotto, even if the ticket price has already been paid. In this case EU Lotto or the corresponding service provider will reimburse the ticket price.
